MIRA JOSHI

BUSINESS ANALYST | PRODUCT OPERATIONS & REQUIREMENTS

Mumbai, India | mira.joshi@example.com | +91-00000-00005 | portfolio.example.com/mira-joshi

PROFESSIONAL PROFILE

Early-career business analyst experienced in converting stakeholder questions into clear requirements, process maps, and measurable KPIs. Combines structured communication with Excel, SQL fundamentals, and practical Agile delivery in cross-functional projects.

CORE COMPETENCIES

- Requirements: user stories, acceptance criteria
- Tools: Excel, Jira, Confluence, SQL basics
- Metrics: conversion, SLA, cycle time, defects
- Analysis: process mapping, root-cause analysis
- Methods: Agile, UAT, stakeholder interviews

PROFESSIONAL EXPERIENCE

Business Analyst Intern | Meridian Digital Works (fictional) *Jan 2025 - Jun 2025*

- Interviewed five internal stakeholders and synthesized 22 requirements into user stories with testable acceptance criteria.
- Mapped the support-ticket workflow and highlighted two approval bottlenecks; proposed a revised flow for a pilot project.
- Coordinated user acceptance testing across 18 test scenarios and maintained a defect log with severity and owner.

Project Coordinator | University Innovation Hub *Sep 2023 - Dec 2024*

- Maintained project plans, meeting notes, and risk logs for a six-member student team delivering a campus event portal.
- Created a weekly status dashboard tracking milestones, open issues, and owner follow-ups for faculty sponsors.

Event Operations Volunteer | Student Council *Aug 2022 - Dec 2022*

- Tracked vendor questions, schedules, and action owners in a shared issue log to reduce missed follow-ups.
- Collected attendee feedback and summarized repeated themes for the post-event review.

SELECTED PROJECTS

E-commerce Checkout Improvement

Excel, SQL, Miro

Analyzed a synthetic funnel dataset, documented drop-off by step, and presented three prioritized experiments with success metrics.

Service Desk KPI Definition

Jira, Confluence

Defined first-response time, resolution time, reopen rate, and SLA attainment with calculation notes and reporting cadence.

Onboarding Process Review

Miro, Excel

Mapped the new-user journey, listed recurring handoff questions, and proposed a checklist for a small pilot.

ADDITIONAL HIGHLIGHTS

- Separates observed facts from assumptions and records decisions for later review.
- Writes acceptance criteria that connect stakeholder needs to testable outcomes.
- Relevant coursework: Business Statistics, Operations Management, Information Systems.

EDUCATION & PROFESSIONAL DEVELOPMENT

BBA, Business Analytics | Cityline University | 2022 - 2025 | GPA: 3.7/4.0

Agile Project Management (course certificate) | Business Analysis Foundations
